

SENIOR WELLNESS PACKAGES

Starting October 1st and going through December, we are offering a special program for older pets. This is the only time of the year we have this special offer.

Like humans, an aging pet has health needs that require special treatment and monitoring. As the years go by, many pets develop chronic and degenerative conditions, parasites, heart disease, high blood pressure and other ailments connected. With early detection and care, your pet can live a long, healthy life.

For one low price, you get a Medical Wellness Exam to assess your pet's health with special attention to the problems correlating with older pets. You will bring your pet in for a Day Visit where we perform the medical assessments needed to ensure that we can help your pets enjoy its healthy, older age.

Also, we include a coupon for 10% off a complete Professional Oral Health Care Visit applicable to teeth cleaning, extractions and growth removals if done during January to the end of March. (This is on a first come, first serve basis, so schedule this appointment right away!) Special payment plans are available only for these packages. Held credit/debit card payments for a maximum of six months.

We are now offering Wellness Ultrasound Scans of the heart and abdomen. Preventative ultrasound scans can detect some changes in internal organs BEFORE changes are seen in laboratory tests.

(ALL TESTS PERFORMED MUST BE COMPLETED BY DECEMBER 31ST, 2021)
